PROFESSIONAL SUMMARY

Senior AI Product Designer with 20+ years across SaaS, fintech, iGaming and digital advertising, focused on AI-augmented product design and AI UX.

Sole product designer at Ryze Beyond (2019-2026) across a SaaS dashboard with an AI chatbot and large-scale comparison platforms. Deep expertise in scalable design systems, WCAG accessibility, user research and end-to-end delivery, from research to post-launch design QA. Designs and ships front-ends with AI coding tools (Claude Code, Astro, Tailwind CSS).

PROFESSIONAL EXPERIENCE

Senior Product Designer (UI / UX / AI) - *Ryze Beyond (formerly TrafficPoint)* **2019 - 2026**

Sole product designer for a publisher of SaaS products and comparison platforms. Grew with the company from 32 to 110+ employees, working with product managers, engineers, content, marketing and SEO.

- **Sonary Software Stack Manager (SaaS dashboard):** sole designer from user interviews to shipped UI. 6 core surfaces including an AI chatbot for natural-language queries, dark and light modes, 96 shipped screens from a 2,000+ frame Figma project. Delivered a full visual redesign in 9 working days.
- **Sonary comparison platform:** three major redesigns. Design system behind ~3,000 CMS pages across 37 verticals, with templates the content team uses without design support. WordPress to Webflow migration.
- **Top5:** parametric Figma design system (variables, inherited color tokens) serving ~37 comparison sites from one component library.
- **Playright (UK online casino comparison):** initial site delivered in ~4 months, then continuous iteration. Built UKGC responsible-gambling requirements into a conversion-focused hierarchy.
- **Also:** Ryze Beyond brand site (2026 redesign), Ryze Hub internal portal (self-initiated, concept to design system), Sonary email template system.
- Onboarded and coached the designers who joined the team, as at every company, with honest, encouraging design reviews; mentored one for 4+ years, sharing tools, skills and design-system practice.
- User research, usability testing, A/B testing, personas and journey mapping to ground decisions in real user behavior.
- 5 breakpoints per product (1920 to 375), WCAG accessibility built in, developer handoff and post-implementation design QA.
- AI-augmented workflow (Claude, ChatGPT, Midjourney, Leonardo AI, Adobe Firefly, Figma AI) letting one designer cover the output of a three-person team.

Senior UI/UX Designer - *Smart.bid (LoanMax Team)* **2018 - 2019**

- Led UI/UX for the LoanMax brand and its sub-brands across web, mobile web and app.
- Rebranded the website, mobile web and payment application; designed a financial portal from scratch.
- Designed landing pages, blog templates and social media assets.

UI/UX Designer - *Wochat (instant-translation messaging app)* **2017 - 2018**

- Owned end-to-end design of the mobile app: sketches, user flows, wireframes and specifications.
- Researched and proposed new features; owned the brand; designed mobile and desktop sites, built in HTML5 / CSS3.

UI/UX Designer - *Gamingtech (Sports & Casino Gaming)* **2015 - 2017**

- Designed mobile and web products for 10Bet, Real Deal Bet and Bet Rally, from wireframes to final UI.
- Designed landing pages, applications, and interactive HTML5 / CSS3 banners and calendars.

EARLIER EXPERIENCE

Interactive Art Designer - Mench - Qdigital **2013 - 2015**
Digital campaigns, microsites and rich media for Bank Discount, Coca-Cola and Laline.

Interactive Art Designer - IGMD Affeurope - Tradologic **2011 - 2013**
White-label casino and binary options platforms: trading widgets, casino lobbies, player-facing UI.

Interactive Art Designer - Arc Interactive (Publicis Group) **2006 - 2011**

Department Manager & Print Designer - Gestimo **2003 - 2005**
Managed the in-house print and digital design department of a real-estate advertising firm.

AI PROJECTS

- **Portfolio site:** designed and shipped with Claude Code using Astro, Tailwind CSS, Cloudinary and Cloudflare Pages.
- **APEX Athletic Club:** fictional gym designed and built end-to-end with AI, including APEX Coach, an AI assistant powered by a live LLM (Llama 3.3, Cloudflare Workers AI) and designed state by state (thinking, clarifying, low confidence, safety refusal, error and retry, feedback) that builds matched 1-4 week training and meal programs with PDF export and workout log. Also: member dashboard, calorie and macro calculator (BMR, TDEE), weekly meal plan, class and personal-training booking, live timetable, shop with persistent cart, scannable QR guest pass.
- **Trattoria Fiori:** fictional restaurant with full brand system, menu and reservation flow with client area.
- **Facet:** drop a bank statement and see where the money goes; the AI picks the view, the code computes every figure, in 7 languages.
- **Margin:** an AI reader that explains any document and links every point to the passage that supports it.
- **Otium:** an AI travel agent that plans in the open and asks before it acts, with right-to-left language support.
